Increase supplier recovery of total warranty cost to 40-60%

Improve customer satisfaction with simpler return handling

TAKEUCHI

Takeuchi used Synchron Warranty Management to streamline workflows and unify warranty and parts operations

We worked with Takeuchi to:

- **Save huge amounts of time** in creating and modifying the business' parts catalog.
- **Significantly reduce costs** with intelligent system consolidation.
- **Simplify parts ordering** processes and workflows for dealers.
- **Gain complete visibility** into all information associated with a product in a single pane of glass view.
- **Considerably reduce** total warranty costs.

Contact us today to find out exactly how we can streamline and automate warranty management processes for your business.
